

A versatile full-stack developer who thrives on building responsive and dynamic web applications. Proficient in both frontend and backend technologies such as React and Spring Boot, with hands-on experience delivering user-friendly and efficient web solutions. Ready to bring fresh ideas to web development projects and contribute to high-performance web environments.

---

## TECHNOLOGICAL SKILLS

- **Programming Languages:** C++, Assembly, C, Java, Python , VHDL.
- **Frameworks & Libraries:** SFML, React, Bootstrap, NumPy, pandas.
- **Databases:** MySQL, SQL, PostgreSQL, MongoDB.
- **DevOps & Tools:** GitHub, Docker, Jenkins, Git.
- **Web Development:** HTML5, CSS3, JavaScript, TypeScript, Material-UI, Sass, Thymeleaf, Spring.
- **Operating system:** Windows, Linux.

---

## EDUCATION

**B.Sc. | Computer Science | Hadassah Academic College | 2022 - 2024**

**GPA:** 83

**Relevant Coursework:** Data Structures, Algorithms, Object-Oriented Programming, Software Engineering, Database Systems, Web Development, QA.

---

## TECHNOLOGICAL PROJECTS

### **2024 | Memory Game (React)**

- Built a dynamic memory card game with customizable grid sizes and difficulty levels using React.
- Implemented card flipping, matching logic, and score tracking with React hooks.
- Designed a responsive game board with session-based rankings and a leaderboard.

**Top skills:** Java, SpringBoot, Thymeleaf, MySQL, Web Development, Problem-Solving.

### **2024 | Pizza Ordering Website**

- Developed a full-stack pizza ordering website using Spring Boot and Thymeleaf.
- Implemented user authentication, session management, and order persistence with JPA.
- Designed a MySQL database to store user data and order history.

**Top skills:** Java, SpringBoot, Thymeleaf, JPA, MySQL, Web Development, Problem-Solving.

### **2024 | Kanban Board**

- Built a task management Kanban board with drag-and-drop functionality using React and TypeScript.
- Implemented dynamic task creation, column organization, and real-time updates for a seamless user experience.
- Designed a responsive and visually appealing interface using Material-UI and Sass, ensuring cross-device compatibility.

**Top skills:** React, TypeScript, Material-UI, Sass, Yarn, Web Development, Problem-Solving.
